AIA Accredited programs

IMPORTANT MEMBER BENEFIT

These programs are provided by the National Concrete Masonry Association (NCMA) and OMA members that are AIA providers. The Ohio Masonry Association provides 10 NCMA programs as a member benefit for its members. Any member can schedule a Lunch and Learn for educational programs to be presented by Josh Naragon, Certified NCMA Presenter. The OMA member provides the lunches for the designers.

This program affords OMA members the opportunity to provide AIA Accredited courses to design firms, presented by a third party, which is a nonprofit entity, which they are looking for and welcome into their office.

Providing designers this service is paramount to the success of our industry. Individual companies have their own AIA accredited courses, but if you do not, take advantage of this important member benefit.

"Every time I enter an office, I am asked to review a current project, specifications, or lend assistance on a past project" says Josh Naragon, Executive Director.

OMA Members in Action

OMA members attended and hosted booths at the 2014 Design Columbus Show hosted at COSI co-sponsored by the Central Ohio USGBC Chapter and CSI Columbus.

Hundreds of building professionals came together for a day of outstanding education sessions on current sustainable design solutions and networking. Participants included the entire design and construction community of Central Ohio, including owners, facility managers, developers, designers, architects, engineers, landscape architects, specifiers, contractors, construction managers, and product representatives.

Deppen, Cargill and H. Lee, The Brick Lady attended the MCAA Legislative Conference and visited lawmakers on the Hill.

The CMU Check-Off Bill and Silica were the major topics with Congressmen, Senators and staff members.

2011 Co-Sponsors have now signed up. Four more co-sponsors signed up since the last meetings for Ohio, Marcia Fudge D-OH, Steve Chabot R-OH. Marcy Kaptur D-OH, Tim Ryan D-OH.

The check-off Bill if passed would create an avenue of funding to help fund education, marketing and research of concrete masonry. If you have any questions regarding the CMU Check-off program, contact the OMA office at 800-443-6779 or NCMA at 703-713-1900.

MidYear

2014 Annual Meeting

Continued From Page One

The Ohio Masonry Association hosted its 2014 Annual Meeting April 9, 2014 celebrating 60 years of promotion. There were educational sessions presenting information for clay and concrete unit masonry, cement industry report and the trades. NCMA, MCAA, PCA and BIA were represented as well as 7 tabletops.

The program was well attended by the masonry industry with over 70 attendees. The evening of the program, OMA honored 6 industry representatives at the Annual Dinner. Their dedication to the industry, years of service and volunteer participation were recognized at the event.

Pictured below are 5 of the individuals inducted as Honorary Members of the Ohio Masonry Association.

Pictured from left to right Honorary Members; John Crawford, Gene Fuller, Larry Wilson, Richard Naragon and Richard Matthews. Pictured from left to right spouses or guests; Linda Porter, Lee Ann Naragon and Janet Matthews.

Also inducted as an Honorary Member was Bill Oberfield, pictured left, who was unable to attend due to travel. OMA congratulates all Honorees!
The Ohio Masonry Association would like to thank all of the companies that sponsored events so far in 2014.
