OMA is a leader in EDUCATION.

OMA provides AIA Nationally Accredited Courses from the National Concrete Masonry Association and the Brick Industry Association. Lunch and Learns as and seminars educate designers on the design, structural code compliance, specifications, installation, aesthetics, maintenance, new products, and energy compliance of masonry wall systems.

OMA MEMBERSHIP BENEFITS AND SERVICES
OMA provides members up-to-date educational programs to keep current with issues affecting the masonry industry including Silica, Energy Codes, Fire Codes, changes in ASTM Specifications, and Storm Shelter Guidelines.

OMA staff or members attend conventions and shows to keep masonry fresh in the minds of designers. These include the SEAoO CSI / AIS Chapters, School Board Show and Design Columbus.

OMA shares resources with national masonry associations for mutual industry benefit. By working with the NCMA, BIA, MCAA, PC and The Masonry Society, OMA keeps its members current on innovations as well as national code and building standards.

OMA continues to work with Ohio colleges and universities supporting the student design masonry classes. OMA and its members work closely with vocational schools in hopes to increase enrollment that continues to provide labor into the market.

Stay active and informed within your industry of the promotional efforts OMA is working on to keep masonry the choice of decision makers.

Ohio Masonry Association
Serving the Industry Since 1953.
